Chapter 2-EU Generic Market Overview

EU Generic Market Overview.....	19
Generics.....	19
Generics and Cost-Saving.....	20
The Generics Industry in Europe – A Brief	21
Price Regulationa and Cost Containment – Effect on generics	25
Market Overview.....	27
Characteristics of the European Generics Industry.....	30
Market Drivers	31
Market Restraints	33
REGULATORY ISSUES	35

Marketing Authorization Procedure for Generic Drugs: Three Authorization

Procedures35

<i>The Centralized Procedure</i>	35
---	----

<i>The Decentralized Procedure</i>	36
SmPCs: a Major Hurdle	37
Contested applications	38
"Biosimilar" applications	38
Bolar provisions.....	39
Generic Substitution	40
IPR Issues in Europe	40
Patents	40
<i>Ever increasing patent protection</i>	40
<i>Strategic</i>	41
<i>Risk of I42</i>	
<i>Further Protection</i>	42
<i>Generics do not use originator data</i>	43
Data Exclusivity is not Data Protection	43
<i>Current legal framework</i>	44
<i>New legal framework - Harmonization of the data exclusivity period and addition of new periods of data exclusivity</i>	44

Evergreening through Patent Strategies45

Evergreening and Pharmaceutical Research Costs46

"Life-cycle management" and Evergreening47

Questionable practices - higher prices for patients48

EU ENLARGEMENT48

Chapter 3-The German Generics Market

The German Generics Market 50

Market Introduction..... 50

Overview of the Pharmaceutical Market54

Germany – The Heart of Europe54

Demographic Statistics and Key Therapy Areas.....56

The National Healthcare System.....57

Coverage of Drugs59

Pharmacy Models61

German Market for Off-Patent Molecules 63

Market Overview.....63

Industry Structure64

Key Players65

Market Dynamics66

Therapeutic Classes	66
Leading Products	67
Analysis of the German Generic Industry	68
Market Analysis on the basis of Therapeutic Category.....	69
Generic Market Overview.....	72
Market Engineering Measurement Analysis	76
Market Drivers	76
Market Restraints	77
Revenue Forecasts	79
Prescribing Trends and Generic Prescribing.....	80
Impact of Prescribing Trends on Generics.....	81
Generic Substitution – The Aut-Idem Rule	82
Reference Pricing	86
Generic Pricing.....	86
Generic Regulations	87
Market and Technology Trends – R&D and Innovation	87
Key Total Market Indicators	88
German Market for Patented Molecules.....	91
Market Overview and Definitions	91

Chapter 4-The UK Generics Market

UNITED KINGDOM.....	98
Market Introduction.....	98

Overview of the Pharmaceutical Market.....	105
Challenges Facing the UK Pharmaceutical Industry.....	105
Demographic and Health Statistics	106
The National Healthcare System.....	107
Distribution Models	110
Pharmacy Models	110
UK Market for Off-Patent Molecules.....	114
Market Overview.....	114
Industry Structure	115
Key Players	116
Market Dynamics	117
Therapeutic Classes	120
Leading Products	121
Consumption of Leading Generics	121
Analysis of the UK Generic Industry.....	121
Market Analysis on the basis of Therapeutic Category.....	122
Generic Market Overview.....	126
Market Engineering Measurement Analysis	130
Market Drivers	130
Market Restraints	131
Revenue Forecasts	132
Prescribing Trends and Generic Prescribing.....	134
Generic Substitution	135

Generic Pricing.....	136
Generic Regulations	137
Market and Technology Trends – R&D and Innovation	138
Key Total Market Indicators	139
UK Market for Molecules Under Patent.....	142

Chapter 5-FRANCE

FRANCE.....	146
Market Introduction.....	146
France - Pharmaceutical Market Overview.....	148
Challenges Facing the French Pharmaceutical Industry.....	152
Demographic and Health Statistics	153
The National Healthcare System.....	155
Pharmacy Models	156
French Market for Off-Patent Molecules	158
Market Overview.....	158
Competitive Structure – Industry Structure	161
Key Players	163
Market Dynamics	164
Therapeutic Classes	165
Leading Products	166

Consumption of Leading Generics	167
Analysis of the French Generic Industry	167
Analysis as per Therapeutic Category	168
French Generic Market Overview	171
Challenges Facing the French Generic Industry.....	173
Market Engineering Measurement Analysis	174
Market Drivers	174
Market Restraints	175
Revenue Forecasts	176
Prescribing Trends and Generic Prescribing.....	178
Generic Substitution	179
Reference Pricing	180
Generic Pricing.....	181
Generics and Parallel Trade	182
Generic Regulations	183
Market and Technology Trends – R&D and Innovation	183
Key Total Market Indicators	184
French Market for Molecules Under Patent	187

Chapter 6-The Spanish Generics Market

The Spanish Generics Market	191
Market Introduction.....	191
Overview of the Pharmaceutical Market	193

Foreign Investment in the Spanish Pharmaceutical Industry.....	196
Demographic Statistics and Key Therapy Areas.....	199
The National Healthcare System.....	199
The Pharmaceutical Policy in Spain and Coverage of Pharmaceuticals	203
Distribution Models	209
Pharmacy Models	209
Spanish Market for Off-Patent Molecules	211
Market Overview.....	211
Competitive Structure – Industry Structure & Key Players.....	214
Market Dynamics	215
Therapeutic Classes	217
Leading Products	218
Consumption of Leading Generics	219
Analysis of the Spanish Generic Industry.....	219
Market Analysis on the basis of Therapeutic Category.....	221
Generic Market Overview.....	224
Market Engineering Measurement Analysis	226
Market Drivers	226
Market Restraints	227
Revenue Forecasts	228
Prescribing Trends and Generic Prescribing.....	229
Generic Substitution	230
Reference Pricing	231

Regional Parallel Reference Pricing Systems	232
Price Cuts	233
Generic Pricing.....	233
Generic Regulations	234
Market and Technology Trends – R&D and Innovation	235
Key Total Market Indicators	236
Spanish Market for Patented Molecules	238
Market Analysis on the basis of Therapeutic Category.....	239

Chapter 7-The Benelux Generics Market

The Benelux Generics Market	243
Market Introduction.....	243
Therapeutic Classes	247
Luxembourg Pharmaceutical Market.....	255
Belgian Pharmaceutical Market.....	257
Netherlands Pharmaceutical Industry.....	262
