November 01, 2007

Joint Director
Director General of Foreign Trade
Government of India
Department of Commerce
Udyog Bhavan,
NEW DELHI 110011.

K.A.O. Shri Tapan Mazumdar

Dear Sir,

**Sub: Clarification regarding procedure to be followed for destruction of
Drugs imported from un-registered sources under the Advance
Authorization Scheme.**

We are very much thankful to you for your Policy Circular No. 18(RE-07)/2004-2009 dated 30th October 2007. This circular will definitely resolve part problems of the Industry.

We draw your kind attention to our representation, where in we have informed you that when any new molecule which is not registered and it is imported for the export products, only our manufacturers are eligible that we have to give minimum 98% yield and if the yield is less than 98%, then it is very difficult for the manufacturer exporter to close the file.

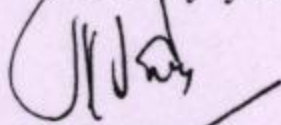

Our submission Sir to you that in case if the export obligation is not fulfilled due to the yield problem, we should be allowed to close the file subject to the condition mentioned in the above circular.

It is also understood that the raw material imported thru' un-registered manufacturers cannot be diverted for the local market, but due to the strict norms @ 98%, it is difficult for the manufacturers to complete the export obligations.

We hope you will understand our problem and our submission to you Sir, that we should be allowed to close the file and with a string attached that material cannot be sold in the local market.

We look forward to receive your kind cooperation.

Kind regards,
Sincerely yours,

D.B. MODY
CHAIRMAN-PHARMEXCIL
